

LET'S GO SAFELY

The Safe Streets and Roads for All (SS4A) Southern Nevada Action Plan is a community-driven initiative led by the RTC to reduce traffic deaths and serious injuries across Clark County.

Southern Nevada has seen an alarming rise in crashes in recent years, and fatalities for vulnerable road users such as pedestrians, cyclists and motorcyclists have also dramatically increased.

Through public input and data analysis, the SS4A Southern Nevada Action Plan will identify and implement solutions to make roadways safer for everyone.

You can get involved by participating in focus groups, community walk audits, and by helping us assess the effectiveness of temporary popup safety projects in your neighborhood.
