

The Safe Streets for All (SS4A) Southern Nevada Action Plan is a community-driven initiative led by the Regional Transportation Commission of Southern Nevada and local government partners to reduce traffic deaths and serious injuries across Southern Nevada.

Southern Nevada has seen an alarming rise in crashes in recent years, and fatalities for vulnerable road users, such as people who walk, cycle and ride motorcycles, have also dramatically increased.

Through community input and data analysis, the SS4A Southern Nevada Action Plan will identify and implement solutions to make roadways safer for everyone.

You can get involved by participating in surveys, focus groups, and community walk audits and by helping us assess the effectiveness of temporary demonstration safety projects in your
